## **ORBIT PROPERTY AGREEMENT ACCEPTED FOR FILING**

---

Empire Rock Minerals Inc. ("Empire") is pleased to announce that the property purchase agreement to acquire a 100% interest in 2 claim units (the "Orbit Property") in the Orbit Lake area in the Thunder Bay Mining Division, Ontario, Canada, subject only to a 1.5% NSR, has been accepted for filing by the TSX Venture Exchange.

Pursuant to terms of the agreement, Empire Rock made cash payments totalling \$7,000 to the vendors, Ontario prospectors William Richmond and Ken Stewart, and has issued 25,000 common shares in its capital which shares are restricted from trading until March 9, 2017. Following the cash payments and the issuance of the shares, Empire has acquired a 100% interest in the Orbit Property, subject to a 1.5% net smelter returns royalty.

The Orbit Property is situated about 22 kilometres south of Empire's Buck Lake Platinum, Palladium and Nickel project where Empire is exploring for platinum, palladium and nickel mineralization in a mafic/ultramafic intrusive body, and near the NAP and Jordain Claims on which Empire has an option to acquire a 100% interest.

The technical content of this news release was reviewed and approved by Dr. Bohumil (Boris) Molak, PhD, P.Geo, the Qualified Person for this project as defined by National Instrument 43-101.
